SKILLS

ETL DEVELOPMENT

- Informatica PowerCenter
- Oracle SQL
- UNIX Shell Scripting
- PL/SQL

PROGRAMMING

- Python 3
- C Language

WEB DEVELOPMENT

- Django
- HTML 5
- CSS
- jQuery

CERTIFICATIONS

NPTEL - IIT MADRAS

- Programming, Algorithms and Data Structures using Python

UDEMY

- SQL Advanced

EXPERIENCE

COGNIZANT TECHNOLOGY SOLUTIONS | PROGRAMMER ANALYST

2015-2017 | Hyderabad | ETL Developer

- Performed detailed Source to Target Data Analysis and Transformation Analysis.
- Used ETL process to Extract, Transform and Load the data from various sources into Staging area and Data Warehouse.
- Designed and Created Mappings, Sessions and Workflows to fetch data from multiple source systems to Data Warehouse by maintaining Source Data Integrity.
- Worked with both DB Tables and Flat files. Involved in writing the Unit Test Cases, Unit Testing and Debugging.
- Good exposure to writing SQL Queries and Shell Scripting.

PROJECTS

HEALTHCARE | ETL PROJECT | COGNIZANT

June 2015 – October 2015 | Hyderabad

- Worked as an ETL Developer from end to end in this sample project. Successfully completed the project in both variants i.e., both Sources and Targets as Tables and Flat files.
- Created all the DB Objects and ETL Mappings, Sessions and Workflows related to the project.

TO DO APPLICATION | WEB APPLICATION - DJANGO

- Built a basic To-Do Application using Django framework.
- Features: User Authentication, Add, Delete, Edit Tasks and Mark tasks as Complete/Incomplete.
- Created APIs using Django-REST framework to fetch Users and Tasks data.
- Used HTML 5, CSS 3, Bootstrap 4 and jQuery for frontend.

INDEED WEB SCRAPER | PYTHON WEB SCRAPING

- Given the skill and location, this script will scrape Indeed Indian website for the jobs that match the skill and location.
- The job details such as Job Name, Company Name, Location and Link to the Job are written to a CSV file.

PYTHON APPLICATIONS | COMMAND LINE APPLICATIONS

- Developed some Command Line Applications to automate regular tasks.
- Bulk File Renaming Application, Online Coding Platforms Rating Tracker, Flipkart Mobile Price Alert, NxN Board Tic-Tac-Toe Game etc.,

ACHIEVEMENTS

2016	Client Appreciation	For completing tasks within deadline.
2015	Best Performer	Best Performance during Training
2013	Winner	Hackathon - Google Student Club, SNIST
2009	Second Topper in School	SSC Exams 2009
